Summary

I am pursuing a degree in Business Management with a double concentration in Business Information Technology and Business Intelligence and Analytics. I am currently finishing business school prerequisites (Basic Business) and looking for business opportunities in IT. By fall of 2016, I began developing www.wearettu.com, a social media aggregator for all university happenings. I seek an internship where I can gain an understanding of corporate culture and goals, develop a background in various business functions, and be actively mentored.
